

How to Create a Bibliography

To create a bibliography in the IPNSIG Zotero Library:

1. Select one or more items that should be listed in your bibliography.
2. Click the **Create Bibliography** icon at the top of the center column
It looks like a stack of books on a bookshelf, as shown below.

3. Select your citation style and preferred language (used for formatting purposes).
4. After your bibliography is displayed, click Copy to Clipboard. Paste the bibliography in your desired target document.
